Cristina ANANIA

Proiect co-finanțat din Fondul European de Dezvoltare Regională prin Programul Operațional Competitivitate 2014-2020

MINISTERUL CERCETĂRII, INOVĂRII ȘI DIGITALIZĂRII

Ce este un LEAR (Legal Entity Appointed Representative) și care sunt drepturile și sarcinile LEAR?

- **LEAR** - reprezentantul desemnat al persoanei juridice este o persoană, de obicei un membru al personalului administrativ din administrația centrală, desemnată de reprezentantul legal al organizației (CEO, rectorul, directorul general etc.).
- **Sarcinile** sale sunt:
 - păstrarea unei imagini de ansamblu asupra tuturor propunerilor/proiectelor/contractelor în care este implicată organizația;
 - gestionarea tuturor informațiilor juridice și financiare despre organizație;
 - gestionarea drepturilor de acces la nivel de organizație (și acces numai pentru citire la nivel de proiect);
 - numirea persoanelor care vor putea semna electronic granturi/contracte (Semnatarii Legali — LSIGN-uri) și declarațiile de cost/facturile (Semnatarii Financieri — FSIGN-uri).
- După validarea instituției, participantului i se va cere să desemneze un LEAR și să accepte utilizarea platformei "Funding & tender opportunities" ca sistem electronic de schimb de informații (Single Electronic Data Interchange Area - SEDIA) denumit „Funding & tender opportunities”.
- Numirea LEAR **este obligatorie** pentru toți participanții validați

MINISTERUL CERCETĂRII, INOVĂRII ȘI DIGITALIZĂRII

Ce este un LEAR (Legal Entity Appointed Representative) și care sunt drepturile și sarcinile LEAR?

- Regulamentul financiar al UE nr. 1046/2018 impune ca toți beneficiarii fondurilor UE („participanți”) să fie validați și să demonstreze că au o capacitate financiară și operațională suficientă pentru a desfășura acțiunea/proiectul.
- Validarea persoanei juridice cuprinde două acțiuni distincte:
 - a) verificarea existenței participantului ca entitate juridică și faptul că datele juridice ale participantului sunt corecte (forma juridică, adresă etc.) și
 - b) verificarea anumitor situații juridice speciale care sunt utilizate în programele de finanțare ale UE.
- În conformitate cu "Regulile pentru validarea persoanei juridice, numirea LEAR și evaluarea capacității financiare", o „entitate juridică” este orice persoană fizică sau juridică creată și recunoscută ca atare în temeiul dreptului național sau al dreptului internațional. Ea trebuie să aibă personalitate juridică și, **acționând în nume propriu**, să poată exercita drepturi și să fie supusă unor obligații.
- Personalitatea juridică înseamnă în practică că entitatea este îndreptățită **să acționeze pe cont propriu și în nume propriu!**

MINISTERUL CERCETĂRII, INOVĂRII ȘI DIGITALIZĂRII

Ce este un LEAR (Legal Entity Appointed Representative) și care sunt drepturile și sarcinile LEAR?

- Nominalizarea LEAR se efectuează de către reprezentantul legal, versiunea scanată a următoarelor documente trebuie încărcată în contul entității juridice auto-înregistrate sunt:
 - [Scrisoare de numire LEAR](#) (inclusiv rolurile și atribuțiile LEAR; generată ca un singur document; completată, datată și semnată de reprezentantul legal și de LEAR);
 - [Declarația de consimțământ](#) privind termenii și condițiile portalului "Funding & tender opportunities" (completată, datată și semnată de reprezentantul legal)
 - Copii ale unei dovezi de identitate oficial valabile (carte de identitate, pașaport, cu fotografie și semnătură) ale:
 - reprezentantul legal și
 - reprezentantul desemnat (LEAR)
 - Un document(e) care să ateste că reprezentantul (reprezentanții) legal(i) care desemnează LEAR este/sunt împuterniciți ca atare, care trebuie să:
 - indice clar rolul/funcția în cadrul organizației ca fiind reprezentant legal
 - fie identificați și desemnați (prin indicarea datelor sale personale) pentru acel rol.

PLANUL DE EGALITATE DE GEN - GEP

Planurile de egalitate de gen reprezintă criteriu de eligibilitate în Orizont Europa

Cerințe obligatorii pentru un GEP:

- Document public:** GEP ar trebui să fie un document formal semnat de conducerea instituției și diseminat în cadrul instituției;
 - Ar trebui să demonstreze un angajament față de egalitatea de gen, să stabilească obiective clare și acțiuni și măsuri detaliate pentru a le atinge;
- Au resurse dedicate:** resursele pentru proiectarea, implementarea și monitorizarea GEP-urilor pot include finanțare pentru poziții specifice, cum ar fi ofițeri pentru egalitate sau echipe de egalitate de gen, precum și timp de lucru alocat pentru personalul academic, de management și administrativ;
- Aranjamente pentru **colectarea și monitorizarea datelor:** GEP-urile trebuie să se bazeze pe dovezi și să se bazeze pe date de referință defalcate în funcție de sex sau de gen, colectate pentru toate categoriile de personal.
- Să fie susținut de **formare și consolidare a capacităților:** acțiunile pot include dezvoltarea competenței de gen și abordarea părților interesate de gen în rândul personalului, liderilor și factorilor de decizie, stabilirea de grupuri de lucru dedicate unor subiecte specifice și creșterea gradului de conștientizare prin ateliere și activități de comunicare.

MINISTERUL CERCETĂRII, INOVĂRII ȘI DIGITALIZĂRII

PLANUL DE EGALITATE DE GEN - GEP

Pe lângă cerințele obligatorii legate de proces, următoarele 5 arii tematice sunt recomandate pentru conținut.

- echilibrul dintre viața profesională și viața privată și cultura organizațională
- echilibrul de gen în conducere și luare a deciziilor
- egalitatea de gen în recrutare și progres în carieră
- integrarea dimensiunii de gen în conținutul de cercetare și predare
- măsuri împotriva violenței bazate pe gen, inclusiv hărțuirea sexuală

Când este necesar un GEP?

- La prima etapă de depunere a propunerii, se solicită o autodeclarare printr-un chestionar dedicat.
- Este posibil ca o organizație să nu aibă încă un GEP în etapa de depunere a propunerii, dar trebuie să aibă un GEP în vigoare la momentul semnării acordului de grant.
- Modelul de acord de grant obligă beneficiarii să ia toate măsurile pentru a promova egalitatea de șanse între bărbați și femei în implementarea acțiunii și, după caz, în conformitate cu GEP-ul lor.

MINISTERUL CERCETĂRII, INOVĂRII ȘI DIGITALIZĂRII

PLANUL DE EGALITATE DE GEN - GEP

A fost elaborat un document de orientare pentru a sprijini organizațiile să îndeplinească criteriul de eligibilitate GEP Orizont Europa.

Acest ghid prezintă fiecare „bloc de bază” obligatoriu și arie tematică recomandată, explică ce înseamnă aceste cerințe în practică atunci când se dezvoltă și se implementează un GEP sau se revizuieste echivalența planurilor sau politicilor existente și oferă exemple practice concrete, bazându-se pe materialele existente, bunele practici și diverse resurse care sprijină egalitatea de gen în cercetare și inovare la nivel național și instituțional.

Template Part B

The template describes the information that must be included in your application and how to structure that information. You will need to complete this package as thoroughly as possible. You can receive assistance from the contacts listed in the *Get Support* section on the topic page from the Funding & Tenders Portal. It is important that you remain within the file size and page limits that a proposal may have. Once you have completed your proposal based on the downloaded template, you must convert it into a PDF file, which you will then upload as an Annex form of the proposal. This is referred to as **Part B** of your proposal.
